together
we make a difference

This course is appropriate for the Dad, Grandad or Uncle of a child or young person who has a diagnosis of Autism.

After attending this training session you will have:

- A better understanding of ASD and how it affects your child
Begin to view situations from the child's perspective
- What communication gaps/difficulties they may have and strategies to support and improve their communication
- Identify and define difficult behaviour
- Use investigative techniques such as the Iceberg and STAR
- Apply a range of behaviour strategies
- Recognise social difficulties and apply a number of strategies.

**For information on how to book onto this course email
