

SCIENCE

Light

Use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye

Use the idea that light travels in straight lines to explain why shadows have the same shape as the objects that cast them.

Living things and their habitats

Describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including micro-organisms, plants and animals

PSHE

Finding and interpreting the mean

Maths in Art

Real-life Maths

Statistics Project

RE

Proverbs

What is a proverb?

What is wisdom? Who gives us wisdom?

Who is wise?

What can we learn from the Book of Proverbs which will help us make good choices (especially as we think about moving to high school)?

Life as a Journey

Life is a journey. Do you agree? Why? In what ways can life be compared to a journey?

In what ways does having faith give meaning and purpose to the journey of life?

Is choosing to journey through life as a Christian an easy option? Why? Why not? Is every person's journey the same? Why not?

Why do people go on a pilgrimage? Does a pilgrimage have to be to a place of worship?

MFL

Weekly French lessons will develop our capability in the language through songs, games and interactive participation with Miss Wilson, our French teacher.

PE

Teaching Rise & Shine dances

Athletics

Tennis/Rounders
