

Staying safe online

Over the next few weeks our children will be spending more time online to learn, play and stay in touch with loved-ones. It is so important that we are able to keep them safe and we are aware of the different apps that are popping up during our time at home. We want our children to learn and grow and to be able to see the benefits of technology in everyday life. I have put together some information about the most current apps that are being used and how we can monitor and use these safely.

Ctrl and click the picture below to access the information on each app.

HouseParty

Zoom

Netflix Party

TikTok

If you have anything else you are concerned about online please look at the websites below for some more information:
